Harry is a totally normal kid, well, I tell a lie, he only has one eye. Harry is a cyclops. His family is pretty normal. His father works as a monster in films, well, to tell the truth he doesn't anymore because they all use special effects so now he's unemployed. He does the housework while Harry's mom brings home the bacon. The thing Harry hates most in the world is getting up early for school. What makes up for it is being able to see Medusa, the most beautiful girl in class - with spectacular hair. When Harry meets Pigon, half pig and half dragon, descendent of the great dragons and indeed, the great pigs, of ancient times, school starts to get sooooo much more interesting. However, having a pig-dragon as a friend is never an easy ride...
