Atlantic Voyage is a very free version of Negríño Panchito by Alfonso R. Castelao. Panchito is a penguin who lives in Galicia, where he is the only one of his species, and there is nobody else like him. One day he feels, like all the young people in his city, the urge to see the world, and boards a ship that will take him on a voyage of the Atlantic Ocean. At the end of his journey he will get to Antarctica and find other penguins. But he will miss Galicia.
